Be Sure that Prospects Will Never Forget YOU  
-----

Autoresponders are a flawless promotion tool  
to creating awareness for your ventures.

Web surfers are usually in a big hurry.  
Most of the times they won't even bookmark  
your site. For any reason, they'd rather...  
...leave!

That doesn't mean that they're not interested  
in your offers. "Distractions" are one of the  
usual factors, which break the order.

Examples of usual 'Distractions' or the...  
"Big-Hurry Cases"

The 'Demons' your prospect has to deal with:

His/her mate,mom,pap, (or anyone)\*invades\*  
in the room with "something to tell".

An unexpected "call" that 'absorbs' attention.

He/she exits your web site 'by accident'...oops!

and whatever else you can think of.

Let the Auto-Responder Fill that Gap!

Here's your chance to gratify their expectations, with no cost on your part.

The potential of auto-responders, is only limited by your imagination.

Use auto-responders to:

- \* Reinforce your marketing message (web sales letter)
- \* Promote other auto-responders (increase the odds for a sale)
- \* Create awareness (consistency is like magic!)
- \* Promote a free e-book (substantiate your expertise)
- \* Enhance repeat visitors (multiply sales)

Promote Products Like A PRO:)

Here are 'live examples' of how Web-site-promotion.gr implements auto-responders to gratify people who demand "more info".
