There is one line that can dramatically impact your life and I want to share this quote with you but first let me explain...

There will be many obstacles in your path on your road to success. It's like driving down the road and seeing a tire in the middle of the road blocking your path.

Are you going to remove that tire and continue on? Or are you going to leave it there and turn around and go back from where you came?

Hopefully you chose to remove that tire from your path so that you can get to where you want to go!

The same can be said for your life when you are trying to succeed online. You will be tested at times. Obstacles will be placed in your path on your road to success.

And what you do with those obstacles can literally mean the difference between success and failure.

I would like to take a quote from the book "Think And Grow Rich" from Napoleon Hill. It can be found at Amazon.com or your local bookstore. This line has great meaning in my life and I hope for yours as well.

"Every adversity, every failure and every heartache brings with it the Seed of an equivalent or a greater benefit"

Do not let any obstacle great or small stand in your way of success. The more you overcome the closer you will be in getting to your destination.

If you let your obstacles overcome you and then turn around and quit then sadly you deserve the fate your in.

Turn a negative into a positive...

If you are in a bad environment or situation or disgusted with something then channel that emotion into desire to help you get out of it.

Turn a negative into a positive...

If there is something that you can't do or are not good at then create a partnership with somebody who can do it. Focus on your strengths.

Turn a negative into a positive...

If you fail at something you do then learn from it by not repeating the same mistakes the next time around.

Turn a negative into a positive...

Defeat is only temporary. NEVER let it be permanent! Regroup and do things differently to turn that defeat into victory.

Turn a negative into a positive...

"Every adversity, every failure and every heartache brings with it the Seed of an equivalent or a greater benefit"
