The Dynamic Principles of Successful Living

by Craig Lock

* Develop a healthy SELF IMAGE.

N.B: Always THINK POSITIVELY

* You have the seed of genius within you.
Really BELIEVE it.

Ask yourself this very important question?
What would you do with your life, if you knew that you could not fail? Why not "give it a go" and see what happens?

* VISUALISE success (a successful outcome to your endeavours).

* Take ACTION with real FOCUS. Do it NOW!

N.B: Have SELF DISCIPLINE and DEDICATION: "Do what needs to be done...whether you like it or not!"

* Have PERSISTENCE. Say: "I will until."

BELIEVE IN YOURSELF...And more importantly,
in your DREAM.

"If you CAN DREAM it, you can DO it."

Follow all the above principles...

then trust in God to let your unique spirit soar.

IT WILL!

"Eagles may fly high; but weasels don't get sucked into jet engines."

P.S: Thanks to my great friend, Dr Andy Eastcott for sharing and discussing these principles upon which this short piece is based; but most of all for believing in me. Andy, your constant support and encouragement to me in my quest to follow these principles has been a real blessing. Most of all, your immense generosity of spirit in friendship has been a light in my life and my life "mission".
