Generating residual profits by purchasing the reselling rights of highly demanded products and let the profits roll, *all for your self*.

By purchasing the reselling rights of 'in demand', informational products, you take affiliate marketing to the next level of productivity and directly upgrade your self as a promising vendor.

If you are a savvy entrepreneur who knows how to market and have no-time spending precious time creating products, the option of purchasing the rights of highly demanded products is the way to go.

The most trendy products on the Internet, are those which come in electronic format, commonly called "e-books".

Entrepreneurs have been creating fortunes online by promoting e-books over the Internet.

A proven strategy to generating several income flows is to promoting e-books to different markets that seek for specific information.

The exciting part is that people

would gladly pay for information that completes their demands. Any brilliant capitalist knows that there's an endless market, eager to pay for the "right information".

Some huge pluses that compels customers to preferring information delivered via e-books are:

- * E-books usually cost 20%-90% less than regular books

- * E-books can be instantly downloaded and no postal expenses are imposed

- * E-books are interactive, which means that the reader can virtually interrelate with the provided content.

- * E-books are "addictive" since they connect the reader with the "cyber world" with all the "magical components", like special effects and astounding presentations (just like a projector).

- * E-books are the perfect gizmo to viral marketing when given away free
