Make posting URLs to FFA pages more effective.
by Natalie Bodrova

FFA's are a great way to get traffic or it is a waste of time? It is still the question at issue. And FFA's have always been a hotly disputed subject.

If you want to submit your URLs to these types of pages, make posting to them more effective!

As says old Russian proverb:

"Zeal without knowledge is a runaway horse."

1. Never use your primary email account submitting your Ads to FFA pages, or Your email box will be full of junk mail!

2. Call attention to your Ads. It is very important.

A. = You need have a good headline that attracts the most readers and works extremely well. Use powerful words.

The writing of headlines is one of the greatest arts.

A lot good Articles was written about. I recommend to read e-book "Scientific Advertising", by Claude C. Hopkins.

B. = Make Your Ad more visible on FFA pages.

Try this: In the field that asks you to type your URL, instead of typing

<http://www.yourwebsite.com>

type in:

<http://www.yourwebsite.com> "style="background:#BEEBFF;color:#F843E4;font-size:112%"

<http://www.yourwebsite.com> "style="background:#80FFAC;color:#F843E4;font-size:125%"

<http://www.yourwebsite.com> "style="background:#ACEFFF;color:#0000D7;font-size:125%"

~It is a chance to capture attention and stimulate the interest of the people to your Ad~.

Instead of plain old link, just like all the others, Yours will have large bright text on a bright light background.

3. Submit Your URLs frequently to a lot of sites, to large number of FFA pages. Get Your 2,000,000,000 automated ad submissions with MegaResponse. Permanent free ad displays throughout your entire ad network.

4. Use an automated submission program or service never waste your precious time with manual submissions. I recommend WorldSubmitter, it provides a completely automated process for submitting to FFA pages, using one window of your browser ... and you are *~free. WorldSubmitter will work for you. During submitting your ads to FFA with WorldSubmitter, you can to talk with your friends, through ICQ, ... or look through very interesting web-pages, or ... upload your site to server, ... or ... download e-books and software

5. Run your own FFA page. Very popular FFA Network with over 120,000 members is SmallBiz FFA.

There are many sites on the Web space which can offer you your own FFA page. You may get a customizable FFA Page totally free on FFANet!
