AQUATREAT

Fine Chemicals for Water Treatment

* Aquatreat will go further with international expansion!!

* Aquatreat is looking for new distributors of chemical water treatment products!!

Short Description of the activities:

Aquatreat is a producer of fine chemicals for water treatment. Cooling water, boiler water and waste water are the main topics of our company. We have more than 25 years of experience!!

We offer:

- Fast answer on any question on chemical water treatment
- Highest quality products with very best prices!!
- Technology as good or better than biggest competitors
- Lab support (AQUATREAT has its own R&D- lab)
- Regular free training sessions in our own facilities (boiler-, cooling- and waste-water, automation)
- All necessary research to stay on top of technology
- Short delivery-time and return of packing
- AQUATREAT has its own production site.
- Msds and technical information can be found at our website www.aquatreat.be and this in four

languages!

We ask:

- Minimum turnover to have a guarantee of sole agent for a defined region
- Follow-up of every customer interested in AQUATREAT products or technology
- Coverage with skilled personnel of the local market
