Benefits of Startup Page Traffic Programs

- * You can get more hits simply by clicking the surf for credits links provided in many of these services.
- * You Can Build Your EZine or Mailing List Subscribers Quickly
- * You Can Promote Your Affiliate Programs and Make More Money

Tips to Making This The Most Effective

Choose a page on your site that has a sign-up form to your eZine or mailing list. Be sure to have a free gift to offer for signing up. If you need something to offer you can download free eBooks from this site at:

<http://www.ipromoteit.com/freebooks.html>

Make sure your page loads quickly. You only have a short time to catch the viewer's attention, so don't use a page that takes 30 seconds to load or you will lose them. You can check out your load time at:

Make sure to have a KILLER Headline to get ATTENTION! Need Help? Download this free eBook. How To Write With A Magnetic Force So Powerful People Read Every Word!

Don't use pop-up windows (they are more of a distraction than help with these services). I have found that if someone uses a pop-up window I spend the whole time I could be viewing the site trying to close the pop-ups. If you do use them, use a small top left window pop-up.

Now be sure to include a banner on this page from one of your banner exchanges. Now your getting hits from them too. If your banner exchange program offers two to one ratio for every 200 hits you get from the traffic generator program you get 100 banner exposures from your banner exchange. Don't include every banner exchange you can find, this will #1 make your site look cluttered. #2 Slow down load time. Just include 1 - 2 banners.

Here are some good banner exchanges

FreeBanners: become a Gold Member by simply putting your banner on the top of your page and receive 20 credits for each click through plus your banner will be displayed at the top of 60% of all member pages (which mean a higher click through rate).

Use your Doorway Page as the traffic generator page. Set it up with just your EZine subscribe form and information on your eZine. Again Be sure to include A KILLER Headline.

Use one or several of your affiliate program sites. Some of these services allow you to rotate sites. Still be sure they are fast loading sites to be sure to get maximum exposure.
